

TURN WASTE INTO MONEY

QUEST PROVIDES YOUR COMPANY WITH A COMPLETE SOLUTION FOR WASTE STREAM MANAGEMENT.

We evaluate your waste to identify valuable commodities and items that require special handling and then manage the entire recycling process, positively impacting your bottom line:

• **Monetize Waste**

Quest will maximize the value of commodities in your waste stream.

• **Cut Operational Costs**

Focus on your core business and avoid managing your own waste infrastructure.

• **Be Sustainable and Profitable**

Build goodwill with customers, investors, and the general public.

Quest helps Fortune 500 companies achieve 100% landfill diversion and renewable energy credits:

- 1 billion pounds of waste diverted in 2010
- 7500 customer locations across all 50 states
- 350 recycling facilities, 1500 trained professionals, and 5000 trucks

Quest's team of professionals will complete a **FREE** thorough environmental assessment. We will provide you with a gap analysis and a detailed road map to guide you to zero waste and increased profitability.

Call Quest today to schedule your **FREE** Environmental Assessment!
